## **Return to Work COVID-19**

### **Social Distancing Products**

Products to help protect yourself,  
your staff and others

At Stylize Display Graphics we realise the impact that the Covid-19 virus will have upon any business and the changes that will have to be implemented in order to continue forward. We are here to help by offering a range of products that will maintain social distancing, encourage sanitising measures and keep your workforce safe.

## **SOCIAL DISTANCE MEASURES**

- Maintaining a 2 metre distance between people when in public spaces and the work place.
- Avoiding contact with someone who is displaying symptoms of coronavirus (COVID-19).
- Putting reasonable measures in place to protect staff and the public.
- Avoiding large and small gatherings in public spaces.

# Protective Screens

We have range of protective screens available in various sizes from simple 'Sneeze Guards' to full height industrial screens.

This sneeze guard is supplied as a self-assembly flat-pack kit and is made from board or clear plastic with rounded for extra safety.

Larger screens are perfect for the factory floor, other office environments and will help to achieve 2 metre social distancing measures whilst continuing to work.

## Product Specifications

- Made from board or clear plastic
- Foot supports slot into the screen to stabilise the unit
- Screens are supplied flat packed for ease of shipment and storage
- Keeps staff and customers safe
- Retail and Industrial versions available at various sizes.

## Floor Graphics

Floor graphics have proved an essential asset for communicating social distancing measures. When it comes to highlighting the 2 metre distance measures and instructions it is the perfect place for your graphics.

We have 2-part systems with anti-slip laminates for those areas of higher footfall. These have certified anti-slip R-ratings.

Many items are available 'off the shelf' and all can be customised with your logo, brand and colours.

## Product Specifications

- Available in any size or custom shape
- Self-adhesive & easy to apply
- Scratch & scuff resistant
- Helps keep customers apart and safe

## Safety Stickers

With all of the new information that needs conveying in the current climate, stickers are by far the most versatile option.

Whether its social distancing, health and safety or general information, stickers can be made at any size or quantity to fit the various location requirements.

Our design team is on hand for any bespoke needs so we can ensure your message is clearly understood in every situation.

## Product Specifications

- Available in any size or custom shape
- Printed on bubble free vinyl for easy application
- Makes customers and employees aware of prevention practises

# Roller Banners

Our budget banner stands can be erected and ready to display quickly and easily.

With a choice of six widths 800mm, 850mm, 1000mm, 1200mm, 1500mm and 2000mm these banner stands are one our most popular systems, they are lightweight yet of strong construction.

The graphic is printed with uv fade resistant inks on anti-scuff, anti-curl, blockout material.

## Product Specifications

- Fantastic value for money
- Easily erected
- Can be used for room dividers
- Large display area
- Comes with carry bag for easy transport

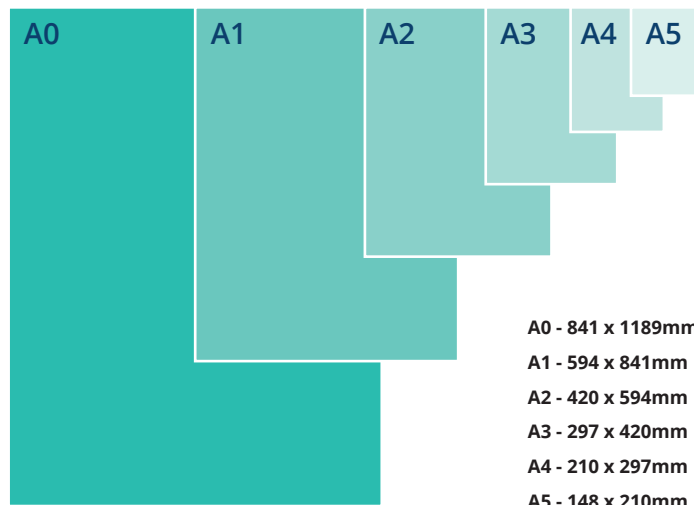

## Posters

Available as either paper or self-adhesive vinyl, our posters are quick and easy to pin or stick-up. We can print these in all standard 'A' sizes from A5 to A0.

We can use the generic design opposite or add your company brand guidelines and logo.

Our design team will be able to help with any aspects that you would like changing.

# COVID-19

## Social Distancing and Health & Safety in the office

**Please ensure you follow the following whilst in the office, to ensure the health and well-being of everyone**

- Try to maintain social distancing at all times and wherever possible
- Please use the hand sanitisers on entering and leaving the office areas
- Avoid sharing desks, chairs, computers and electronic devices
- Avoid using the lift where possible and limit to one person if necessary
- Book extra chairs for your meetings as necessary
- Stay connected and informed

## Pavement Signs

Use pavement and A-board Covid-19 outdoor safety signs to keep your customers informed of your current opening hours, restrictions and regulations which keeps them safe and compliant with Government guidance when in or near your business premises.

Our pavement signs have been designed for outdoor usage, are weatherproof and sturdy.

They can be regularly cleaned with warm soapy water which helps eradicate the coronavirus from surfaces.

### Product Specifications

- Sturdy aluminium frame
- 2 posters included
- Indoor & outdoor use
- Easy to replace graphics

# Bollard Covers

Bollard covers are a great way to advertise your business but in these uncertain times they also create a great opportunity to incorporate social distancing measures and information.

These three-sided bollard covers are made from fluted polypropylene and come pre-created with glue-free fastening tabs.

Each panel is 360mm wide and suitable for bollards up to 205mm in diameter.

## Product Specifications

- Sturdy 4mm fluted polypropylene
- Great reminder for social distancing
- Easy fastening with glue-free tabs
- Weather-proof

## PVC Banners

PVC banners (also known as vinyl banners) offer an effective and professional way to get your social distancing measure across quickly.

440gsm PVC banners are perfect for a semi-permanent application. Printed in high-resolution full colour, our banners are finished with stitched hems and eyelets for hanging.

## Product Specifications

- Custom sizes
- Weather-proof and durable
- Indoor & outdoor use
- Fantastic value for money

## Post & Pole Barriers

Our post and pole barriers are a great way of controlling crowds or the flow of foot traffic in order to ensure that social distancing is adhered to.

The barriers are made from top quality stainless steel components and banners are printed in full colour with fade resistant inks.

Durable rubber base edges prevent damage to both base, floor and gives the option to 'roll' rather than lift when repositioning.

Barrier posts are supplied for self-assembly and should take no longer than 10 minutes.

### Product Specifications

- Easy clip in cross rails
- Indoor & outdoor use
- Easy to assemble
- Banners are quick and easy to change

## Sanitising Counters

The Tornado counter is one of only a few promoter units that can be used outdoors thanks to its hollow base which can be filled with water or sand making it suitable for all weather conditions.

The Tornado is constructed from a lightweight plastic frame with fluted tambour graphic wrap making it a very portable promotions counter.

Additional features such as support poles and header panel give a brilliant finish and high visibility.

### Product Specifications

- Supplied graphics are easy to change
- Suitable for indoor and outdoor use
- Hollow base for sand or water ballast
- Moulded top has pen recess and water drainage notches

## Dispensing Stations

Our free-standing hand sanitiser dispenser lets you promote better hygiene to staff or customers by encouraging them to wash their hands more often.

Standing around 185cm/6' in height, this tall and eye-catching unit features a stylish aluminium poster frame and a pump-action hand sanitiser unit with a one-litre capacity.

### Product Specifications

- Desk/counter top and free-standing versions available
- Fully bespoke variations available to suit your needs

## Face Visors

Our face visors are made from 400mic PVC creating a physical barrier to protect from droplets. Visors are fully adjustable to fit all head sizes and with a foam headband they comfortably sit on the forehead.

We can brand these by adding a sticker which can be cut to shape, speak to our design team about the possibilities for branding.

### Product Specifications

- 400mic PVC barrier
- Foam headband
- Branded or unbranded options

## Hazard Tapes

Areas of your workplace may need to be 'sectioned-off' or made 'out-of-bounds'. Hazard tapes are perfect for this.

The tapes can be used to close entrances or door ways and direct foot fall.

There are two variations available: black and yellow hazard and 2 metre social distancing.

### Product Specifications

- Tapes suitable for floors are great to alert your staff and visitors to social distancing measures
- Different variants are available and will depend on current availability
